Message from Chamber President, Sara Lochner-Goff **Think Whitley County**

What is the first thing that pops into your mind when you think of Whitley County? Communities, lakes, welcoming, family friendly are just a few of the words and phrases that have been mentioned. This is the BIG important question the Chamber is asking as we begin the process of putting together Whitley Counties first ever Visitor's Guide.

The Whitley County Chamber has been the acting as the Visitor's Bureau for as long as most can remember. We are the first stop or phone call when people move into or visit our community. We pride ourselves in having all the information one might need when exploring our community. We have many brochures, booklets, flyers, magazines, and business cards. Wouldn't it be nice if all this information could be in one colorful and informational piece? In 2012, this will become a reality when we unveil the Whitley County Visitor's Guide.

Over the next few months you will be contacted by one of us or a volunteer asking about your participation in this guide. Our hopes are to have a complete guide of all Whitley County has to offer. Shopping, dining, family fun, the great outdoors, lodging, faith, homegrown, businesses, schools... these are just a few headings that we are gathering information about. We hope you will want to be a part of this new endeavor, to help us share with others what makes Whitley County a great place to live, visit, work and play!

So, again I ask, what is the first thing that pops into your mind when **YOU** think about Whitley County?

Sara Lochner-Goff
Whitley County Chamber President

Indiana Chamber of Commerce Pleased With Wireless Merger

"AT&T and T-Mobile have proposed a merger that can combine their complementary networks and stands to bring the next generation of high-speed wireless technology to more than 97% of the country. This merger will make near-universal broadband availability happen – and quickly – for Hoosier business and families not already served by local telecommunications operations.

At the Indiana Chamber of Commerce, we work to encourage economic opportunity and prosperity for the entire state. Fast, reliable wireless service and an expanded and enhanced network infrastructure are critical to the success of all businesses, large and small.

As an advocate for Indiana businesses, I am optimistic about the economic growth and job creation that will result from this proposed merger. As a Hoosier, I am excited about the opportunities this will bring to communities across our state."

Kevin Brinegar

President of Indiana Chamber of Commerce

The Whitley County Chamber Ambassadors recently honored the Whitley County Council on Aging as the August Business of the Month. Home of the Whitley County Transit Service, the “Meals on Wheels” program and a host of other services for seniors, the Ambassador Team sought to applaud all the WCCOA does for the seniors of our community as well as their steady participation in the chamber and its programs. Established in 1974, WCCOA employs 20 people which help to provide programs and services such as free tax preparation, trips, shots/immunizations, and the farm wagon, just to name a few. Plus the transit service provides much needed low-cost bus service to the county.

Attending the ceremony to present the award were (front row, left to right) WCCOA employees Terry

Nicodemus (driver), Tammy Kolash (Transit), Carrie Perry (AIHS Nutrition), Chamber President Sara Lochner-Goff; WCCOA Executive Director Jackie Hake; and WCCOA employees Bernie King (Transit), and Debra Darr (Office Assistant).

----- LEARN OF THE NEW OSHA EMPHASIS! -----
“30 Hour OSHA Voluntary Compliance Training” Class

M & M Crown Corp. is conducting a “30-Hour OSHA Voluntary Compliance Training”. Classes were developed by Federal OSHA and rolled out to the states as a positive way to promote safety. Participants who complete the class get a Federal OSHA Certificate.

The location, date and time of the training can be found on the Registration Form above. M & M Crown president, William A. Crane, and Leanne Coffman, President of The Safety Training Solutions have received their 501 – 503 Authorizations and will be leading the class. Since Federal OSHA grants the cards of completion for this class, **being on time and present for the whole day is imperative.**

This training is important for any Safety & Health Coordinator or Safety Committee member who has the responsibility to help minimize accidents and keep a facility in OSHA compliance. We have a maximum of 50 spaces available for this training and need at least 12 participants to conduct the class. As a community service, we are providing the training at a reasonable cost. Who should attend? Companies with 10 or more employees, health and safety personnel, and record keepers! Plan **now** to attend!

Please note: If you have attended a 10-Hour Voluntary Compliance Class in the 6 months prior to this course, you may attend this class to receive your 30 Hour certificate.
